tamer. It would have been a step

Chamber of Commerce officials

usually keep their mouths shut about prospective industries that

There are a number of reasons ir this. Many companies want

heir plans kept quiet until a tran-

saction is completed, and if wide-

spread publicity is given, the company involved can usually "pull t of the deal" with little or no

culated to any extent beyond the city involved, more cities become interested and enter competition. At best, the prospective company is given a lot of trouble and expen-

in coping with the new bidders: and at worst, the driginal city may lose its plant to another town. And an "early" announcement would cause wild land speculation n the area of a prospective plant

Arguments for Publicity Some companies like to announce their desires for a plant in a certain area despite the resulting 'dog eat dog' competition of cities n that general section.
One of the main reasons for this s that newspapers are glad to run news stories about the propects of ie coming payroll. It gains worlds of publicity that could not be bought

after the deal is settled,

Early announcement also results in applications from personnel in-

terested in joining the new oper ation. And it gives the company

chance to hear, before a tinal com

mittment is made, just how the pi

tamer. It would have been a step

Chamber of Commerce officials

usually keep their mouths shut about prospective industries that

There are a number of reasons ir this. Many companies want

heir plans kept quiet until a tran-

saction is completed, and if wide-

spread publicity is given, the company involved can usually "pull t of the deal" with little or no

culated to any extent beyond the city involved, more cities become interested and enter competition. At best, the prospective company is given a lot of trouble and expen-

in coping with the new bidders: and at worst, the driginal city may lose its plant to another town. And an "early" announcement would cause wild land speculation n the area of a prospective plant

Arguments for Publicity Some companies like to announce their desires for a plant in a certain area despite the resulting 'dog eat dog' competition of cities n that general section.
One of the main reasons for this s that newspapers are glad to run news stories about the propects of ie coming payroll. It gains worlds of publicity that could not be bought

after the deal is settled,

Early announcement also results in applications from personnel in-

terested in joining the new oper ation. And it gives the company

chance to hear, before a tinal com

mittment is made, just how the pi

Chamber of Commerce officials

usually keep their mouths shut about prospective industries that

There are a number of reasons ir this. Many companies want

heir plans kept quiet until a tran-

saction is completed, and if wide-

spread publicity is given, the company involved can usually "pull t of the deal" with little or no

culated to any extent beyond the city involved, more cities become interested and enter competition. At best, the prospective company is given a lot of trouble and expen-

in coping with the new bidders: and at worst, the driginal city may lose its plant to another town. And an "early" announcement would cause wild land speculation n the area of a prospective plant

Arguments for Publicity Some companies like to announce their desires for a plant in a certain area despite the resulting 'dog eat dog' competition of cities n that general section.
One of the main reasons for this s that newspapers are glad to run news stories about the propects of ie coming payroll. It gains worlds of publicity that could not be bought

after the deal is settled,

Early announcement also results in applications from personnel in-

terested in joining the new oper ation. And it gives the company

chance to hear, before a tinal com

mittment is made, just how the pi

Chamber of Commerce officials

usually keep their mouths shut about prospective industries that

There are a number of reasons ir this. Many companies want

heir plans kept quiet until a tran-

saction is completed, and if wide-

spread publicity is given, the company involved can usually "pull t of the deal" with little or no

culated to any extent beyond the city involved, more cities become interested and enter competition. At best, the prospective company is given a lot of trouble and expen-

in coping with the new bidders: and at worst, the driginal city may lose its plant to another town. And an "early" announcement would cause wild land speculation n the area of a prospective plant

Arguments for Publicity Some companies like to announce their desires for a plant in a certain area despite the resulting 'dog eat dog' competition of cities n that general section.
One of the main reasons for this s that newspapers are glad to run news stories about the propects of ie coming payroll. It gains worlds of publicity that could not be bought

after the deal is settled,

Early announcement also results in applications from personnel in-

terested in joining the new oper ation. And it gives the company

chance to hear, before a tinal com

mittment is made, just how the pi
